

# How are you **developing** your Leadership Capability?

Do you want a **different way** to achieve success?

What will **you do** about it in 2016?

The best leaders know that there's always room to grow and develop. The Boxer Advisors' Women's Executive Book Club is designed to help busy female executives and leaders reach the next level of effective leadership in a cost effective, high impact way.

This group is both social and professional, providing you with the resources needed to enhance your leadership skills, foster innovation, and drive transformational change throughout their organizations while expanding your circle of support and influence.

Events will combine topic-driven discussion with executive-style networking time. Co-facilitated by Lynnette Yount, a Master Certified Coach with over 30 years of experience and Ken Boxer, an organizational development and leadership consultant with over 25 years of experience, discussions will focus on the application of key concepts from some of the leading books for women in leadership.

## Benefits to Participants

- Ideas from leading experts on the key components of transformational leadership.
- Proven practices you can immediately apply in the workplace to strengthen your leadership skills and accomplish important organizational objectives.
- A unique format that allows you to focus on your most critical challenges and receive targeted development planning ideas to meet them.
- Meet and network with other Fortune 1000 and Federal agency female executives.
